Making Trails and Outdoor Community Better Than Ever

In celebration of the 30th annual National Trails Day®, folks of all ages and abilities, trail clubs, non-profits, businesses, and federal and local land managers came together at events across the country to cultivate a more inclusive trail community and advocate* for, maintain, and clean up trails and public lands.

TRAILS FOR EVERYONE

National Trails Day® events took place across the country on all types of trails, including the National Scenic, Historic, and Recreation Trails, trails supported by the Recreational Trails Program, and on lands managed by BLM, USFS, NPS, FWS, state, and local agencies.

Logout teams cleared over a dozen downed trees along the route using antique crosscut saws. —Pacific Northwest Trail Association

A top team of volunteers completed the job in two hours, less time than originally thought. —New York-New Jersey Trail Conference

A couple came on one of their first dates years ago when we started this. They now have 2 children and continue to come. —Lebanon Rails to Trails

It was a great way to promote the service that my search and rescue team provides to the general public. It was great to have [Outdoor Afro] there hiking along with us. —New Jersey Search and Rescue

Volunteers enjoyed a day in the wilderness. We didn’t get 100% finished, but the trail is in much better shape now. —Lumpkin Coalition

We had a great turnout to celebrate the multi-use and equestrian trails by recreating and being outdoors. We had over 25 people sign up to become volunteers to help us maintain the 340+ mile of trails that they enjoy and even got at Jr. Ranger! Everyone was grateful for the trails and the beautiful weather. —Marjorie Harris Carr Cross Florida Greenway

As we hiked, picking up trash as we went, we saw many other hikers look at what we were doing and join in to help or thank us and pledge to continue to look for trash as they hiked that day. Stewardship was contagious that day! —Pedernales Falls State Park

We were able to accomplish meaningful work on one of our trails. At the end of the event, we took down the “closed” signs and opened the trail for the season. —Cedar Breaks National Monument

I spent the morning hosting a trail clean-up. Taking little ones into nature is my favorite pastime...one of the girls found a kiddie pool and tennis shoes in the middle of one of the trails. —Aleshea Carrieré AHS NextGen Trail Leader

Ruth Rosas and Ismael Cuevas – Huron-Manistee National Forest: Black and Brown Chicagoans with limited exposure to biking and camping trips joined a ride and camping trip. The group biked 60 miles from Chicago, IL to their campsite where they camped for two nights. During the first night, the group got to know one another as they cooked dinner and discussed the importance of access to public lands and conservation. On National Trails Day® the group enjoyed all that the trails in Huron-Manistee National Forest have to offer. Participants also had the option of enjoying group trail runs and paddle activities.

We’re Out Here – Cleveland National Forest: Queer BIPOC folks in Orange County joined a nature walk in Black Star Canyon. A low-intensity, mostly flat hike was selected and the event was led by queer, Latinx naturalists Michelle and Tatiana. During the nature walk, participants met fellow queer BIPOC nature lovers, and along the way, observed and connected with native plants and birds, and even learned about how the mountains used to be under the ocean. Event leaders discussed the presence of the Indigenous peoples whose land they are guests on, and how they can respect and protect the land for generations to come. Designed for all bodies and abilities ages 18+, this trip required no hiking experience.

Khmer Community of Seattle King County – Mt Baker-Snoqualmie National Forest: Members of the Khmer community came together for a multi-generational community picnic near Annette Lake followed by a student-led interpretive group hike. The event helped unite the community elders with the youth in a shared immersive outdoor experience rooted in tradition and connection to the natural world.

New Mexico Wildlife Federation (Nature Niños New Mexico) – Gila and Cibola National Forest: This storytelling hike (to be held at a later date due to a forest closure) will invite students from the Albuquerque Sign Language Academy and their families to participate in an accessible event with multiple interactive stories and a variety of hikes based on the family’s needs and abilities. This event will have ASL and Spanish interpretations.
We pulled 4 large trash cans of the invasive species Shortpod Mustard from Cobb Estate on the Angeles National Forest.
